

PUBLIC NOTICE

PUBLIC NOTICE OF PROPOSED SOIL AND GROUNDWATER CLEANUP

In accordance with Arizona Administrative Code R18-12-264.01, the Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP), submitted by Red Mesa Trading Company has been proposed for the remediation (i.e. cleanup) of soil and groundwater contamination resulting from a release of gasoline from a leaking Underground Storage Tank (UST) system at the following site:

**LUST File #4927.01-.03
Facility ID #0-004674
Coconino County**

**Red Mesa Express #505
701 North Navajo Drive
Page, Arizona 86040**

Existing soil and groundwater contamination at the referenced site will be remediated using excavation with off-site disposal of soil contamination; and enhanced bio-remediation of groundwater contamination using in-situ Submerged Oxygen Curtain (iSOC[®]) technology. Soil contamination will be excavated and disposed at an off-site landfill that is properly permitted to accept petroleum contaminated soils, as required by applicable laws. During enhanced bio-remediation of groundwater, oxygen gas will be dissolved into the contaminated groundwater to enhance the bio-degradation rate of naturally occurring microbes present in the subsurface. To evaluate the effectiveness of the systems, periodic monitoring of contamination levels will be required by ADEQ. Once contaminant levels decrease below cleanup standards, the site may be eligible for closure.

A copy of the CAP, including ADEQ's preliminary CAP approval with certain modifications incorporated therein, is available for review during normal business hours at ADEQ Records and Library Review Area, 1110 West Washington Street, Ste. 140, Phoenix, AZ 85007 and at the Page Public Library, 479 South Lake Powell Road, Page, Arizona 86040. ADEQ encourages public participation in UST corrective actions and welcomes comments on the proposed CAP. A public comment period is in effect from June 27, 2007 through August 3, 2007. Comments should be submitted in writing by August 3, 2007 to ADEQ/TPD Corrective Action Section, Attention: Pete Townsend, 1110 West Washington Street, Phoenix, AZ 85007. If sufficient public interest has been demonstrated during the public comment period, ADEQ will announce and hold a public meeting. ADEQ will respond to comments in writing, following the public comment period. For more information on this notice, please call Pete Townsend at (602) 771-4359 or (800) 234-5677, ext. 771-4359.
